### MEMORANDUM

Date: April 14, 2008

To: Council Members

From: Dave Cahill, Block Grant Programs Manager

Re: Proposed Amendment of 2008 Action Plan of the 2003-2007 Consolidated Plan

On April 14th, staff will present Council members with information on a proposed amendment to the 2008 Action Plan of the City's 2008-2012 Consolidated Plan (CPLAN). Several key things have happened since the CPLAN was adopted in November 2007. Proposed amendments include: a change in Year 2008 federal resources available to the City because HUD awards of CDBG and HOME funds are less than budgeted; changes in 2007 program income; adjustments from budgeted to actual letters of credit and revolving loan funds that were carried over from 2007 to 2008; and a reduction in the maximum funding amount available under the HUD Section 108 Guaranteed Loan Program.

Because the Action Plan must be completed and to HUD in November, we must estimate the year end amounts in the revolving loan funds and letters of credit that carry over to the next year. A number of the changes in this Amendment reflect changes from estimated carryover to actual carryover at years end. The carryover amounts can vary significantly from estimate to actual from depending on how many dollars were actually disbursed for housing rehabilitation, housing development, tenant based rental assistance and neighborhood improvement projects.

#### **Summary of Changes**

##### **Changes in Revenues:**

1. CDBG Award is reduced from \$870,000 to \$838,099 (-\$31,901)
2. HOME Award is reduced from \$635,000 to \$616,066 (-\$18,934)
3. 2007 Program Income is reduced from original estimate of \$232,204 to \$197,094 actual (-\$35,110) due to less Housing Rehabilitation Program loan payoffs than anticipated.
4. Carryover of CDBG Letter of Credit was \$184,297 more than expected and CDBG Revolving Loan funds carryover was \$213,763 more than expected primarily due delays in expenditures of housing and neighborhood initiative capital project funds.

5. Carryover of HOME Letter of Credit was \$779,348 more than expected primarily due to the delay in expenditures in housing projects. It was anticipated in November that a portion of \$665,000 in HOME CHDO funds would be disbursed on the Walton Housing Project however HUD requested that the CHDO organizational structure for this project be changed. First time homebuyer program closings were also slower than anticipated. An adjustment was made to the Housing Development Fund HOME Letter of Credit to account for expenditures budgeted from letter of credit but actually paid from HOME program income (not accounted for in the original Action Plan).

**Changes in Expenditures:**

1. Because HUD requires changes to the CHDO organization structure for the phased Walton Project, the HOME CHDO funds are moved from Walton Phase I to Walton Phase II and the Walton II non-CHDO HOME funds are moved to Walton Phase I.
2. The original Action Plan had CDBG funds allocated to Sash n Door in anticipation a potential acquisition by a non-profit after all clearance activities have been completed. HUD has informed us that this is not an eligible activity where the City owns the property. These funds have been assigned to the Walton II project.
3. The original Action Plan anticipated using CDBG to assist the Food Bank in the construction of a new increased capacity facility. Due nature of the project and the need to start construction before the federal environmental reviews could be completed, it was determined that general funds would be more appropriate. The assigned CDBG have been reallocated to the Neighborhood Initiatives Program to assist in the acquisition of park property in the Birchwood Neighborhood.
4. Carryover funds for the YWCA seismic changes and Domestic Violence and Sexual Assault services ADA and health and safety changes are included in the amendment. It was expected that these two projects would be fully disbursed in 2007.
5. Anticipated Public Works street improvements adjacent to the Sunset Pond Park project, now delayed, will impact the Sunset Pond improvements. The Sunset Pond project has been tabled and funds reassigned to the Whatcom Creek Trail Improvement Project.
6. HUD regulations restrict CDBG funding for human services awards to 15% of the current year Award plus an amount equal to 15% of the prior year program income. Both the Award and program income were less than anticipated requiring a reduction from the estimated budget of \$165,000 to \$155,000. See the attached spreadsheet for new award amounts.
7. Section 108 Loan maximum which is five times the award was reduced to \$4,190,495 from \$4,350,000.

The 2008-2012 Consolidated Plan (Citizen Consultation and Participation Plan section) sets forth that the CPLAN should be amended for all substantial changes which are described as:

- Changes in citizen participation process
- Changes in allocation priorities or method of distribution of funds
- Change in use of funds from one eligible activity to another

- Initiation of an activity not previously described in the action plan.

The amendment process requires that the Amendment be available to the public for a thirty day public comment period and that the period begins after a notice of availability has been posted in the Bellingham Herald. The “public notice” advertisement appeared in the Bellingham Herald on February 20, 2008. The public comment period ran from February 29, 2008 to April 1, 2008. The amended Plan has been reviewed by the Community Development Advisory Board and is recommended to City Council for approval.

In conjunction with the proposed Amendment, the following are provided:

- Comparison of Original and Amendment Expenditure Budgets  
(A larger version of this spreadsheet report will be provided under separate cover to Council for easier viewing.)
- Copies of the original Budget Summary and the amended Budget Summary
- Copy of the revised 2008 Human Service Grants

Although the attachments appear to have many changes in the line items amounts, many of the changes have been to adjust the budget revenue and expense *estimates* (made in October 2007 to the *actual* year end balances of December 31, 2007 and the resulting change the funds carried over to 2008. The original estimates were made prior to the time the Consolidated Plan was completed and sent to HUD in November 2007. These types of adjustments would not normally require an amendment of the Consolidated Plan but are being made now to reflect improved information for use in performance review and completion of the annual report to HUD.

The Council office was provided with copies of the Council approved 2008 Action Plan in November 2007. Please call me at 676-6880 if you have any questions. Thanks.
