ORDINANCE NO. 1126

An Ordinance of the City of Kent providing for the fluoridation of the water supply of said City.

WHEREAS, it has been recommended by the Washington State Health Department that fluoride be added to the water supply of the City of Kent, and,

WHEREAS, the local health officer has reported to the City of Kent his opinion that the addition of fluoride to the water supply of the City of Kent is in the public interest of the citizens of the City, now, therefore

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF KENT as follows:

Section 1. That a source of fluoride ion approved by the State of Washington Department of Health be added to the water supply of the City of Kent under the rules and regulations of the Washington State Board of Health, such addition to be administered in a manner approved by the State Director of Public Health.

Section 2. That the water department of the City of Kent, upon consultation with the City Engineer and with the City Health Officer, be hereby authorized and directed to prepare the necessary plans and specifications and to proceed as soon as may be and upon the budgeting of funds therefor with the work necessary to accomplish the purpose specified in Section 1 hereof.

Section 3. That there shall be included annually in the budget of the water department of the City of Kent and beginning with the budget for the year 1963, an amount necessary to carry on the program of fluoridation of the City's water supply as provided for in Section 1 hereof.

Section 4. This ordinance shall take effect and be in force five (5) days from and after its passage, approval and publication as by law provided.
