ORDINANCE No. 146.

An ordinance amending ordinance number forty (40) entitled: "An ordinance amending ordinance No. 23, entitled, 'an ordinance to provide for the uniform width and material of wooden sidewalks to be built in the Town of Kent'."

Be it ordained by the Council of the Town of Kent.

That ordinance No. forty (40), entitled: "An ordinance amending ordinance No. 23, entitled 'an ordinance to provide for the uniform width and material of wooden sidewalks to be built in the Town of Kent'; be and the same is hereby amended to read as follows to-wit:

SEC. 1.

That all sidewalks on Railroad Avenue and First Street, and the south side of Meeker Avenue from the west line of First Street to the west line of block fifteen of Meeler's 1st, Addition to the Town of Kent, shall be eight feet (8 ft.) wide, and sidewalks upon all other streets shall be six (6) feet wide.

SEC. 11.

That said sidewalks shall be constructed of fir and cedar lumber in the following manner, The planking of the sidewalks shall be of fir lumber, two by six (2x6), planking, sized, securely spiked with nails not less than five (5) inches in length, to three (3) fir longitudinal stringers which shall be three (3) inches thick by six (6) inches wide placed on edge, which said stringers shall rest upon a cedar mud sill six (6) inches wide and four (4) inches thick, running the entire width of the side walk, placed ten (10) feet apart.

The stringers shall be placed two and one half (2½)
inches from the outer and the inner edge of the side walk, and the other as near the center of said side walk as may be. The planking shall be securely nailed with each stringer. If extra blocking is required to support the stringers or mud sills, all blocking resting upon the ground shall be of cedar.

The elevation of the outer edge of the side walk, when laid shall be identical with the center of the street when graded, and the elevation of the inner edge of all eight (8) foot side walks shall be two (2) inches higher than the outer edge and the elevation of the inner edge of all six (6) foot side walks shall be one and one half (1½) inches higher than the outer edge of the same.

SEC. III.

Cross walks shall be constructed at each street crossing extending to within six (6) feet of the ends of each side walk by placing on the surface of the street cedar sills 4"x4"x6" crosswise of the walk and not more than six (6) feet apart first chamfering the upper sides of the sills at the ends for a distance back, of one (1) foot to a wedge shape and then spikeing to these sills planks 3"x12" to within six (6) feet of the ends of the side walks using two (2) six (6) inch spikes, at each crossing of sill and plank.

SEC. IV.

The cross walks and side walks shall be connected by an inclined plane constructed of fir planking 2"x12"x6", securely spiked to cedar sills and thereby making a continuous walk of even surface.

SEC. V.

All side walks hereafter built or repaired within
the Town of Kent, shall be built or repaired under the directions and supervision of the Town Marshall.

SEC. VI.

This ordinance shall take effect and be in force from and after its passage, approval and publication.

Passed July 1904.
Approved July 1904.
Published July 1904.

Mayor of the Town of Kent.

Attest: Town Clerk.
