An ordinance prescribing regulations for the construction of concrete, brick and flagstone sidewalks, and the placing and improvement of parking strips or parkways in the Town of Kent.

Be it ordained by the Council of the Town of Kent:

Section 1. That all concrete, brick or flagstone sidewalks hereafter constructed in the Town of Kent shall be made under the supervision and direction of the Street Committee; and shall be of the widths prescribed for wooden sidewalks in ordinance No. 146 of said town; and shall conform to the established grade of the street where constructed as prescribed for wooden sidewalks in said ordinance No. 146. The outer margin of such sidewalks shall be 1 inch lower than the inner margin.

The materials used shall be such as are known standards for such purposes, and the construction shall be in first class workmanship style, upon a foundation of solid substantial ballast, all to be subject to the approval of the said Street Committee and under their direction.

Section 2. Parking strips will be permitted along residence streets, but when parked, they shall be of a uniform width of four feet and shall include the area between the sidewalk and the gutter. The surface of parking strips shall be on the same level with the outer margin of the sidewalk at all points. Parking strips shall be filled, graded and constructed and improved under the supervision and direction of the Street Committee.

Provided, there shall not be any parking strip or parkway along First Street and Railroad Avenue between Meeker Avenue and Titus Street; nor along Meeker Avenue between Central Avenue and Fourth Street; nor along Cove Street between Central Avenue and Second Street; and Provided Further: That at any time the council may find it to the best interests of the town or the public, any and all parking strips and parkways may be converted into roadways or used for any other street purposes.
TOWN OF KENT  
Office of Town Clerk

KENT, WASH... 190
