AN ORDINANCE of the City of Kent granting to the United States of America and its assigns a right of way for a term of fifty years for the construction, operation and maintenance of electric power transmission circuits, together with the necessary equipment and facilities appurtenant thereto, over and across the water mains of the City of Kent in Section 32, Township 22 North Range 6 East W.N., in King County, Washington.

THE CITY COUNCIL OF THE CITY OF KENT DO ORDAIN AS FOLLOWS:

Section 1. The City of Kent does hereby grant unto the United States of America and its assigns the right and privilege for a term of fifty years to construct, operate and maintain one or more electric power transmission circuits together with all necessary equipment and facilities appurtenant thereto that may be necessary or convenient for the efficient operation and maintenance of said electric power transmission circuits over and across property of the City of Kent as follows:

The electric power transmission circuit crosses the water mains of the said city in a northeasterly and southerly direction at survey stations 7584-86 and 7584-08 as said water mains are now located, operated and maintained in the east half of the Northeast quarter of the Southeast quarter of Section 32 in Township 22 North, Range 6 East W.N., in King County, Washington.

the exact location and manner of construction of the said electric power transmission circuits, together with a more particular description and explanation thereof are set forth on the drawing No. 048-340-DI on file in the office of the clerk of the City of Kent, Washington.

Section 2. The foregoing grant is made subject to the following conditions:

(a) The United States of America or its assigns shall give to the City of Kent a ten-day written notice of its intention to construct, operate and maintain any additional electric
power transmission circuits not herein described.

(b) That all work performed and material used in construction, operation and maintenance of the said electric power transmission circuits and the necessary equipment and facilities appurtenant thereto shall be in accordance with the applicable state laws and the specifications, rules and regulations in the latest edition of and supplements to the National Electric Safety Code now or hereafter to be formulated or promulgated by the United States Bureau of Standards.

(c) All cost of construction, operation and maintenance of said electric power transmission circuits shall be paid by the United States of America or its assigns.

(d) If at any time it becomes necessary in the opinion of the City of Kent to change the location, elevation or type of construction of said electric power transmission circuits and appurtenances, such change will be made by and at the expense of the United States of America or its assigns.

(e) Any and all damage or injury done or caused to any of the said property of the City of Kent in the construction, operation and maintenance of the said electric power transmission circuits shall be immediately repaired and reconstructed by the United States of America or its assigns in a manner satisfactory to the City of Kent.

Upon the failure, neglect or refusal of the United States of America or its assigns to immediately make the necessary repairs or reconstruction of the properties of the City of Kent as herein required of the United States of America or its assigns, the City of Kent may undertake to perform and complete such repairs and reconstruction and the cost thereof will, then or within the limits of the appropriation/thereafter available therefor, be paid by the United States of America or its assigns upon the presentation of the properly executed vouchers.

2.
therefor; provided, however, that the City of Kent shall submit an estimate of the cost of such repairs or reconstruction to the United States of America, Department of the Interior acting by and through the Bonneville Power Administrator at Portland, Oregon, and shall obtain the approval of the Bonneville Power Administrator of the cost thereof before making any such repairs or reconstruction; provided further that if in an emergency, the determination of which rests with the City of Kent, it becomes necessary for the City of Kent to make such repairs or reconstruction without having thus obtained the approval of the cost thereof, the United States of America shall not be required to make any payment therefor unless the sum expended or some lesser reasonable sum shall be later approved by the United States of America as herein provided.

Section 3. This ordinance shall take effect and be in force and effect five (5) days from and after its passage, approval and publication in the Kent News-Journal, the official newspaper of the said city, published in the City of Kent, Washington

PASSED by the City Council of the City of Kent, Washington at regular meeting thereof this ___ day of ___ , 1941.

APPROVED this ___ day of ___ , 1941.

Acting for the City Attorney of the City of Kent.
Mr. L. E. Price  
City Clerk  
Kent, Washington  

Re: Ordinance No. 714, to cross water mains in the City of Kent, King County, Washington, on the Covington-Grand Coulee line, C-CG 8B  

Dear Sir:  

The United States of America, Department of the Interior, acting by and through the Bonneville Power Administrator, hereby accepts and agrees to the terms and conditions of the above numbered ordinance.
