ORDINANCE NO.

An ordinance granting a franchise for a sewer pipe to the Washington Condensed Milk Company.

Be it ordained by the council of the town of Kent:

Section 1. That there is hereby granted to the Washington Condensed Milk Company, a corporation, the right and privilege to lay, construct and operate through the streets of the town of Kent such sewer pipes, flumes or conduits as may be necessary to conduct the sewage from its condensed milk factory situated on lot 1 block 4 Yesler's first addition to the town of Kent.

Section 2. That said pipes, flumes or conduits shall be placed entirely under ground, and laid in such manner as to cause no damage to the streets, or private property, nor to public health; and if said company in the operation of its factory, or in the disposal of its sewage, shall create a nuisance within or adjacent to the limits of the town of Kent, or said sewage shall become dangerous to public health, or in any manner offensive to the comfort or sense of the public, or shall damage, or threaten to damage any person, in person or property, and said company shall fail within ten days after notice to any officer or agent thereof to abate such nuisance, or adjust or prevent such damage, then the rights and privileges granted said company by this ordinance shall at once cease.

Section 3. It is also expressly understood that this franchise is not transferable to any other person or corporation than said Washington Condensed Milk Company, by either voluntary or involuntary transfer.
Section 4. That this franchise and privilege is given and granted on the further express condition that said grantee shall, within ninety days after the passage of this ordinance, remove its factory now located at Seattle to the town of Kent, and have the same in operation to its full capacity.

Section 5. This ordinance shall take effect and be in force from and after its approval.

Passed this 22nd day of Jan 1898.

Approved by me this 24th day of Jan 1898.

George Ward
Mayor of the town of Kent.
